

BIOSHIELD FK

VETERINARY FIELD KIT

HUMAN &
ANIMAL
HEALTH

The BioShield FK Veterinary Field Kit is a patented solution for the safe and effective transport of blood samples from extraction to laboratory presentation. The Category B compliant BioShield FK is equipped for sample traceability with sequential barcode numbering on all test tubes.

The BioShield FK is designed to give you peace of mind by providing your samples maximum protection during collection and transport. The inclusion of 95kPa primaries and leakproof secondaries ensures the kit is PI650 compliant.

THIS PRODUCT CAN BE USED FOR

- Diagnostic samples
- Screening programmes
- Eradication schemes

FEATURES

- Sequentially numbered barcodes on all test tubes for sample traceability
- Complete Category B solutions including 95kPa test tubes, needles, absorbent and leak proof bag
- Kits available with a variety of needle gauges and lengths
