

PHARMACHILL

COMPONENT
PACKAGING

Intelsius produce a range of thermal media tailored to your performance requirements. Our range of PHARMACHILLS are rigid, liquid-filled coolant bottles designed for use with our temperature controlled packaging solutions. PHARMACHILLS feature a non-toxic, water based PCM.

PHARMACHILLS are rigid bottles containing a non-toxic, water-based PCM ideal for 2-8°C and 15-25°C solutions. They have been specifically designed to be re-usable, and therefore deliver a cost and environmental saving with each re-use.

The outer rigid bottle allow for a solid alternative to Intelsius' flexible BIOCHILLS.

Product Code	Product Name	Case Quantity	External Dimensions	Unit Weight
CP020	PHARMACHILL 1515	22	150 x 150 x 30 mm 5.9 x 5.9 x 1.2 in	600g
