CONTROLLED  
PACKAGING

**ThermoTrek is a discreet personal carry case for the movement of a patient's temperature sensitive medications. Qualified for 48 hours, its unique design and technology create an easy to use solution. This enables patients to maintain the thermal integrity of their medication even after it has been delivered.**

Utilising a ThermoCline Technology, dual temperature cool pack with an innovative one-way fit, the ThermoTrek is easy to use. With the help of a Thermochromic temperature indicator label, the patient can clearly see when it is ideal to place their medication inside.

## Features

- A ThermoCline Technology, dual temperature cool pack protects the payload against extreme heat and cold, minimising parts and creating a simple to use solution
- One-way fit cool pack prevents the ThermoTrek being packed incorrectly and reduces any risk of cold shock to the payload
- Small, discreet size encourages the patient to look after their medication, improving patient compliance and patient experience
- Qualified for 48 hours, the ThermoTrek maintains payload integrity for the longest journeys a patient may undertake
